

Professional Training on EU Affairs

2025
COURSES

Working with Europe

For over 28 years, the College of Europe in Bruges has built a solid reputation and expertise in training executives (notably diplomats, officials, civil servants and lawyers) and managing projects.

The Office's offer includes 13 annual training courses as well as custom-made training programmes for international organisations, EU and national institutions, companies and civil society organisations. Every year, several thousands of professionals benefit from the expertise in training on EU affairs and skills (negotiations, communication, leadership).

The Office delivers them in Bruges, Brussels, around the world or online. In addition, the Office implements projects - service contracts, international cooperation, academic partnership and research actions - in the fields of expertise of the College (EU legislation, EU governance and policies, EU diplomacy, etc.).

The multinational team of the Executive Education, Training & Projects Office is specialised in adult-learning techniques, training design, project management and event organisation.
