

*American University of Madaba*

**H.E. Minister of Foreign Affairs and expatriates, Dr. Ayman Al-Safadi**

Greetings and furthermore,

We are delighted to inform that during a session held on 07/07/2018, the Board of Trustees of the American University of Madaba has decided to grant scholarships to Jordanian and non-Jordanian students based on academic excellence for all majors, starting from the next academic year 2018/2019, with no application fees.

We also would like to present a brief introduction to the American University of Madaba. It is a Not-for-profit private University accredited in Jordan and incorporated in the state of New Hampshire as an American University (under registration number RSA 21-N:8-a) that grants bachelor degrees for (18) Majors in (7) Faculties; including Engineering (Civil, Electrical and Mechanical Engineering), Science (Biology, Biotechnology), Health Sciences (Pharmacy, Medical Laboratories, Nutrition and Dietetics), Information Technology (Computer Science), Business and Finance (Accounting, Business administration, banking and finance, marketing, risk management), Architecture and design (Architecture, interior design, graphic design), Languages & communication (English Language and literature, Translation).

The university began offering classes in 2011/2012. His Majesty King Abdullah II ibn Al Hussein accompanied by the Crown Prince Al Hussein bin Abdullah has formally inaugurated the university on May 2013. Three classes have been graduated. AUM has received advanced levels in the proficiency exam carried out by the accreditation authority of Higher education institutions and quality assurance for graduates, where they held top ranks in many majors for several years.

Classroom instruction is exclusively in English. Faculty members have been recruited from throughout Europe and North America, approximately one faculty member to every (15) students in humanitarian faculties, and to (10) students for scientific faculties. The student body is made of (25) Arab and foreign nationalities, AUM is considered a working member in the association of Arab universities and a member in the international Association of Universities.

We would appreciate if you forward it to all cultural attaches and embassies for the benefit and service of Jordanian students abroad, to attract students to study in Jordan.

Please accept my highest consideration.

University president

Prof. Nabil Ayoub

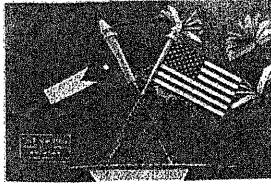

## Non - Jordanian Students
